

## Memorandum of Understanding between Sustania & International Cleantech Network

This Memorandum of Understanding (MoU) sets the terms and understanding between Sustania and International Cleantech Network (ICN) to collaborate towards the effective promotion of products and services of Small and Medium Sized Enterprises (SMEs) on Sustania.me.

Background	Sustania is a think tank and consultancy based in Copenhagen, Denmark promoting sustainable solutions. ICN is the leading global network of cleantech clusters. Sustania is collaborating with UN Global Compact (UNGC) to deliver a global digital database with sustainable business solutions from around the world. It is the ambition that database will grow to become a world leading showroom for sustainable solutions.
Purpose	The purpose of this MoU is to outline the conditions of the collaboration between Sustania and ICN with the objective of endorsing the sustania.me database towards qualified SMEs who are members of ICN. Subsequently, Sustania and ICN will work towards: <ul style="list-style-type: none"><li>- Promoting the database vis-à-vis SMEs who can deliver high-quality sustainable solutions suited for the database</li><li>- Assisting and providing support for SMEs in the application process prior to getting access to the database</li><li>- Ensuring that SMEs will benefit from the exposure on the database and continuously inform about new opportunities, events, and any other relevant issues for all involved parties</li></ul>
Cooperation	Sustania and ICN will communicate on a regular basis to evaluate the cooperation and to take any necessary measures to enhance the possibilities of getting SMEs applications to join the database.
Legal obligations and funding	This MoU does not entail any legal obligations, neither does it represent any commitment of funding from neither organization.
Duration	This MoU will become effective upon signature by the authorized officials from Sustania and ICN and will remain in effect until modified or terminated by any one of the partners by mutual consent.
