

# Clean Tech Delta

## Clean Tech Delta – Collaboration for cleantech implementation

With strong industrial, maritime, water and agro food clusters in our region, **Clean Tech Delta plays an important role in developing and exporting Dutch cleantech solutions.** Universities, knowledge institutes, cities and companies join forces to select and initiate repeatable and scalable cleantech initiatives that often involve new combinations of know-how and partnerships in the region Delft – Rotterdam – Drechtsteden.

Clean Tech Delta develops and selects ideas, and brings them up to the project phase. We collaborate with our members and partners to close the implementation gap between ideas and sustainable business. Clean Tech Delta offers business and project support and promotes, coordinates and supports cleantech opportunities.

Clean Tech Delta brings organisations together by organising themed events, innovation sessions, and participating in landscaping studies and regional transition programs.

MAIN AREAS	BENEFITS
<ul style="list-style-type: none"> <li>• Circular economy - Working towards a system that allows for the long life, optimal reuse of products and material.</li> </ul>	<ul style="list-style-type: none"> <li>• Strong connections with Europe’s largest port and its industry, which has immense potential regarding clean tech innovations.</li> </ul>
<ul style="list-style-type: none"> <li>• Smart cities - Collecting, analysing and using data to enhance grip on resource flows and usage.</li> </ul>	<ul style="list-style-type: none"> <li>• The international character of Rotterdam as port-city fosters international collaboration.</li> </ul>
<ul style="list-style-type: none"> <li>• Energy transition - Working on projects that focus on sustainable energy sources, renewable energy and energy efficiency.</li> </ul>	<ul style="list-style-type: none"> <li>• Located at ECE, an incubator that accelerates start-ups with new technologies and potential.</li> </ul>
	<ul style="list-style-type: none"> <li>• Joined forces with partner organisation in the region, each with their own expertise.</li> </ul>

## YES, I WANT A NEW STAMP ON MY ICN PASSPORT!

I'll use [Clean Tech Delta](#)'s offices, attend their activities as a member and meet their key business contacts!

If you are interested in Clean Tech Delta, explore partnering opportunities and like to engage with Clean Tech Delta through the ICN Passport, please contact the ICN Secretariat for any further information.
