

Nordic Edge Smart City Innovation Cluster

Nordic Edge is the official Norwegian Innovation Cluster on Smarter Cities and Communities. Nordic Edge is a not-for-profit organisation that work as a catalyst bringing the different players in the field together to find answers to the current and future challenges of different-sized communities.

Nordic Edge is also the **host of the largest Smart City conference and exhibition in the Nordics.** The next Nordic Edge Expo takes place September 25th – 27th 2018 in Stavanger, Norway, and brings together a global audience of more than 4500 suppliers, buyers, decision-makers, and thought-provoking experts. The expo displays the very best of the Nordics take on forward thinking, practical solutions, and innovative expertise on tackling Smart City challenges.

The **Nordic Edge Expo in Beijing, China** will take place October 24th and 25th 2018, with the ambition of establishing a Smart City gateway between the Nordic region and the Chinese capital region. Here we will connect Nordic and Chinese stakeholders to present and discuss innovative solutions for Smart & Sustainable Cities.

MAIN AREAS	BENEFITS
<ul style="list-style-type: none"> Cluster of smart technology companies and solution provider within the smart city sector Cities and municipalities with challenges and opportunities related to urbanisation, social changes, and resilience 	<ul style="list-style-type: none"> International events and network, workshops, and seminars Strong cluster with Nordic and international reach: bringing forward new projects, products, and services

<ul style="list-style-type: none"> Development of quality services and cost effective smart city solutions for and with cities 	<ul style="list-style-type: none"> Accelerator for the development of smarter cities and communities

Over the last few years, the Stavanger region has built a position as Norway's cluster on Smart City. With the new **Arena status** (from 01.01.18) from [Norwegian Innovation Clusters](#), the Stavanger-based Nordic Edge Smart City Innovation Cluster aims to be a driving force for the development of smarter cities and communities and to become the leading player in the Nordic region by 2021.

YES, I WANT A NEW STAMP ON MY ICN PASSPORT!

I'll use [Nordic Edge](#)'s offices, attend their activities as a member and meet their key business contacts!

If you are interested in Nordic Edge or in engaging with Nordic Edge through the ICN Passport please contact the ICN Secretariat for any further information.
